

Legislative Update September 2007

This report updates the status of legislation for the 2007-08 Legislative session, for which the Commission is considering continuing or adopting new positions. The legislation is arranged by Commission priority areas, followed by a more general listing of bills, for which the staff recommends that Commission adopt watch positions at this time. Due to the many bills currently being offered for consideration, staff has prioritized them by listing highest priority bills in subject categories, followed by lower priority bills. As legislation progresses, staff will apprise the Commission of related changes.

The Commission advises the Governor and the Legislature on higher education policy and fiscal issues. Its primary focus is to ensure that the State's educational resources are used effectively to provide Californians with postsecondary education opportunities. More information about the Commission is available at www.cpec.ca.gov.

Accountability

AB 1413 (Portantino) – As Amended August 28, 2007 - Commission Position – Support, (Executive Compensation Provisions Only) Pending: This bill, as amended, codifies current California State University (CSU) policies, by placing restrictions on employment contracts for the CSU executive officers, and requires that any contract and its terms be adopted by resolution at a board meeting of the CSU Trustees. It also authorizes an ex officio trustee to designate one staff person, per year, to attend meetings of the board in his or her absence and act on his or her behalf. It is recommended that the Commission modify its position from “Support In Concept” to “Support,” limited to the executive compensation provisions of the bill.

Status: Senate Floor: Third Reading File: Awaiting a Floor Vote.

Supporters: (As of August 28, 2007) American Federation of State, County and Municipal Employees, California Faculty Association, California State Employees Association, California Teachers Association, John Garamendi, Lieutenant Governor, Service Employees International Union, State Employee's Trades Council, The Greenlining Institute.

Opposition: (As of August 28, 2007) California State University, Department of Finance.

SB 190 (Yee) – As Amended August 30, 2007 - Commission Position – Support Pending: This bill, as amended, enacts the Higher Education Governance Accountability Act. It modifies current law governing the meetings of the California State University Trustees and the University of California Regents, and clarifies the requirements for meetings that must be open and public. The bill requires that actions on executive compensation, as specified, occur in open, public meetings. It is recommended that the Commission modify its position from “Support In Concept” to “Support.”

Status: Assembly Floor: Third Reading File: Awaiting a Floor Vote.

Supporters: (May 22, 2007 version) American Federation of State, County and Municipal Employees, Associated Students of the University of California, Davis, California Faculty Association, California Family Council, California Federation of Teachers, California Labor Federation, California Newspaper Publishers Association, California Nurses Association, California State Employees Association, California State Student Association, California Teachers Association, Californians Aware, CSU Employees Union, Levy, Ram & Olsen LLP, San Francisco Labor Council, State Employee's Trades Council, The Council of UC Faculty Associations, The Greenlining Institute, The Services Employees International Union, University of California Student Association, University Professional and Technical Employees Communications, Workers of America Local 9119.

Opposition: (May 22, 2007 version) No official opposition.

SB 325 (Scott) – As Amended April 9, 2007 - Commission Position – *Support, if Amended:* This bill, as amended, requires the State to establish an accountability framework and requires the Commission to collect, maintain, display and report data for biennial assessments of the State's postsecondary system in meeting the needs of Californians. Since accountability is a Commission priority, but no new funds are provided for this reporting, (which is estimated to cost \$490,000), it is recommended that the Commission continue to support this bill, if amended, to clarify its provisions and provide adequate funding.

Status: Assembly Higher Education Committee: Hearing Date Pending.

Supporters: (As of May 31, 2007) California Postsecondary Education Commission, California State University, Latino Coalition for a Healthy California and the University of California.

Opposition: (As of May 31, 2007) No official opposition.

Affordability

AB 262 (Coto) – As Amended August 22, 2007 - Commission Position – *Support, if Amended:* This bill, as amended, urges the University of California and requires the California State University (CSU) and the community colleges to adopt policies to regulate marketing practices of credit card companies. The bill also extends the sunset date on the CSU regulation adoption process, exempts the CSU from the approval of the Department of General Services for vehicle acquisitions and requires a report on related savings. The provisions that help students avoid unnecessary student credit card debt are recommended in the Commission's affordability report. The new provisions regarding CSU's self-governance and vehicle acquisition process are intended to increase CSU's efficiency; however, there is no evaluation of the impact of the regulations. It is recommended that the Commission continue its position of "Support, If Amended" to either remove the CSU self-governance provision or require a report on its effectiveness, with recommendations for a permanent process.

Status: Senate Floor: Third Reading File: Awaiting a Floor Vote.

Supporters: (July 17, 2007 version) California Federation of Teachers, California State University, San Jose-Evergreen Community College District, The Greenlining Institute.

Opposition: (July 17, 2007 version) There is no official opposition for this measure.

AB 1548 (Solorio) – As Amended August 28, 2007 - Commission Position – *Support Pending:* This bill, as amended, establishes the College Textbook Transparency Act, which requires publishers and

bookstores that offer textbooks for sale to public higher education institutions to disclose specified information, and requires faculty and other postsecondary employees to follow specified practices in the adoption and purchase of textbooks. This bill is consistent with Commission goals and adopted policies regarding college affordability, it is not anticipated to create any significant costs to the State and it may result in some reduction in textbook costs for students. It is recommended that the Commission change its position from “Support In Concept” To “Support.”

Status: Senate Floor: Third Reading File: Awaiting a Floor Vote.

Supporters: (As of August 28, 2007) The Greenlighting Institute, American Federation of State, County and Municipal Employees, Association of American Publishers, California Postsecondary Education Commission, California State Student Association.

Opposition: (As of August 28, 2007) Department of Finance.

SB 832 (Corbett) – As Amended August 30, 2007 - Commission Position – *Support, Pending:* This bill, as amended, enacts the College Textbook Affordability Act, which would require publishers to provide a complete list of all of the products, (in germane subject areas), that they offer for sale, including the item’s wholesale price, the estimated length of time they intend to market each item and any substantive differences between the current and prior edition of each book. This bill is designed to improve the information available on textbooks so that campuses and professors can make more informed decisions about which textbooks they choose to carry. Textbook costs were identified as an area of increased costs in the Commission’s affordability initiative and this bill may result in some reduction in textbook costs for students. It is recommended that the Commission modify its position from “Support In Concept” to “Support.”

Status: Assembly Floor: Third Reading File: Awaiting a Floor Vote.

Supporters: (June 26, 2007 version) American Federation of State, County and Municipal Employees, Associated Students of the University of California, Davis, California Association of College Stores, Chancellor of the California Community Colleges, California Postsecondary Education Commission, California Public Interest Research Group, California Teachers Association, Chief Executive Officers of the California Community Colleges and California Community College Trustees, Faculty Association of California Community Colleges, Kern Community College District, Rio Honda Community College District, Silicon Valley Leadership Group, University of California Student Association, West Kern Community College Districts.

Opposition: (June 26, 2007 version) Association of American Publishers, Pearson Education.

Workforce Development

AB 365 (Portantino) – As Amended July 2, 2007 - Commission Position – *Support - Sponsor:* This bill, as amended, requires the Commission to convene a taskforce to deliberate and report findings and recommendations regarding the relationship between higher education and the workforce for legislative review. It also adds a new priority area to the California Community Colleges Economic and Workforce Development Program to promote the efficiency and effectiveness of the public sector workforce. This bill is based on policy recommendations from the Commission and is sponsored by the Commission. It is recommended that the Commission continue to sponsor and support the bill.

Status: Senate Floor: Third Reading File: Awaiting a Floor Vote.

Supporters: (As of August 23, 2007) California Postsecondary Education Commission, American Federation of State, County and Municipal Employees, California Chamber of Commerce, California Healthcare Institute, California Hospital Association, California Manufacturers & Technology Association, Consulting Engineers and Land Surveyors of California, Faculty Association of California Community Colleges, Latino Coalition for a Healthy California, Silicon Valley Leadership Group.

Opposition: (As of August 23, 2007) Department of Finance.

AB 573 (Horton) – As Amended April 10, 2007 - Commission Position – Watch: This bill, as amended, requires community colleges offering nursing education programs to select students based on academic and other pertinent criteria. The bill prohibits colleges from using lottery systems or other random selection methods for choosing nursing candidates. Because the bill imposes new duties on community college districts, it constitutes a state-mandated local program. The bill did not make its policy and fiscal committee deadlines and will likely not move forward in its current form this year. It is recommended that the Commission continue to watch the bill.

Status: Assembly Higher Education Committee: Hearing Cancelled at Author's Request: 2-Year Bill

Supporters/Opposition: There is no official support or opposition for this measure.

AB 1559 (Berryhill) – As Amended August 29, 2007 - Commission Position – Support, Pending: This bill, as amended, authorizes a community college registered nursing program, which determines that the number of applicants to the program exceeds its capacity, to admit students by multicriteria screening, random selection or a combination of the two processes. AB 1559 states that where a program elects to employ a multicriteria screening process, on or after January 1, 2008, it must include minimal criteria relating to academic performance, work or volunteer experience, foreign language skills, life experiences, and special circumstances of the applicant. It allows programs to also use additional criteria such as interviews, recommendations and approved diagnostic assessment tools. The bill requires a program that uses this process to report its admissions policies to the Chancellor annually, in writing. It encourages the Chancellor to develop a model admissions process based on these provisions and make it available to these programs by July 1, 2008. It also requires the Legislative Analyst's Office to evaluate and report its findings regarding the process in its analysis of the 2009-10 Budget Bill. The Commission's report on nursing includes data, which shows that two of the three California programs, with particularly diverse student bodies and extremely high on-time completion rates, have selective admission practices. It made several recommendations to improve the success rates of these programs, including employing "standardized admission policies" that dedicate a number of their slots to students who achieve the highest grade-point averages in prerequisite courses and also consider other criteria such as previous work experience and community service, similar to those in AB 1559. It is recommended that the Commission modify its position from "Support In Concept" to "Support."

Status: Senate Floor: Third Reading File: Awaiting a Floor Vote.

Supporters: (As of August 28, 2007) American Nurses Association, California, Association of California Healthcare Districts, Anaheim Memorial Medical Center, Ballard Rehabilitation Hospital, California Hospital Association, California Postsecondary Education Commission, Cedars-Sinai Health System, Chula Vista Medical Center, Community Medical Centers, Corcoran District Hospital, Eisenhower Medical Center, Hanford Community Medical Center, Hazel Hawkins Memorial Hospital, Henry Mayo Newhall Memorial Hospital, Howard Jarvis Taxpayers Association, John Muir Medical Center, Kaweah Delta Health Care District, Kern Community College District, Lompoc District Hospital, Madera Community Hospital, Methodist Hospital, Miracle Mile Medical Center, NorthBay Healthcare, Northern Inyo Hospital, Presbyterian Intercommunity Hospital, Saddleback Memorial Medical Center, San Antonio Community Hospital, Saint Francis Memorial Hospital, Simi Valley Hospital, Sutter Amador Hospi-

tal, Sutter Delta Medical Center, Sutter Medical Center of Santa Rosa, Tri-City Regional Medical Center, Trinity Hospital, ValleyCare Health System, West Anaheim Medical Center, White Memorial Medical Center, Board of Registered Nursing, Community College League of California, Los Angeles Community College District, Los Rios Community College District, Rio Hondo Community College District.

Opposition: (As of August 28, 2007) California Federation of Teachers, California Labor Federation, California Nurses Association, Hispanic Association of Colleges & Universities, Latino Coalition for a Healthy California, Latino Issues Forum, Service Employees International Union, Watts Century Latino Organization, Department of Finance.

Access

AB 100 (Mullin) – As Amended March 7, 2007 - Commission Position – *Watch*: This bill, as amended, proposes a K-12 and higher education facility General Obligation Bond for November 2008 ballot approval. Staff worked with the authors to include the Commission’s findings regarding joint use and capital planning in this bill. The bill did not make its policy and fiscal committee deadlines and will likely not move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Assembly Education Committee: No Hearing Date: 2-Year Bill.

Supporters/Opposition: There is no official support or opposition for this measure.

AB 1409 (Portantino) – As Amended July 18, 2007 - Commission Position – *Watch, Pending*: This bill, as amended, authorizes K-12 districts to enter into partnerships with community college districts to provide college-level courses and career-technical education opportunities to high school students. It allows these students to enroll in community college courses upon the recommendation of their principal and with the consent of their parents. The bill limits the percentage of students who can be recommended by the principal for community college summer attendance. The bill specifies that these concurrent students would be counted as California Community College students for funding purposes, unless a K-12 district has or will receive an allowance or appropriation for these students’ attendance. Recent amendments require the Community Colleges’ Chancellor’s Office to report annually to the Department of Finance on the amount of FTES generated by each community college district under this bill. The bill did not make its fiscal committee deadline and will likely not move forward in its current form. It is recommended that the Commission modify its position from “Support In Concept” to “Watch.”

Status: Senate Appropriations Committee: Held Under Submission: 2-Year Bill.

Supporters/Opposition: There is no recent official support or opposition for this measure.

AB 1540 (Bass) – As Amended August 31, 2007 - Commission Position – *Support Pending*: This bill, as amended, formalizes the existing, privately-funded “Cash for College” financial aid information outreach efforts as a State program administered under the California Student Aid Commission (CSAC), in partnership with private businesses and community organizations. The bill authorizes CSAC to allocate funds for support of local Cash for College projects designed to meet prescribed goals. It creates the Cash for College Account to receive voluntary contributions or donations for allocation to CSAC for program support. It requires CSAC to contract with an external evaluator to conduct independent annual program evaluations and report the findings to the Legislature. The bill is consistent with Commission policies on financial aid outreach and access, and it is intended to shift the location of the program from

EdFund, which is intended to be sold, to CSAC. It is recommended that the Commission modify its position from “Watch” to “Support”.

Status: Senate Floor: Third Reading File: Awaiting a Floor Vote.

Supporters: (As of August 30, 2007) Los Angeles Chamber of Commerce, California Chamber of Commerce, California Coalition for Youth, California Teachers Association, City of Oakland, Hispanic Association of Colleges and Universities, Los Angeles Unified School District.

Opposition: (As of August 30, 2007) Department of Finance.

AB 1578 (Leno) – As Amended August 20, 2007 - Commission Position – Watch: This bill, as amended, enacts the Foster Youth Higher Education Preparation and Support Act of 2007. The bill provides current or former foster youth in their first year of higher education with tuition and fees under Cal Grant B and other services to help foster youth achieve their educational goals. It also establishes the “California Competitive Grant Program,” to be administered by the California Student Aid Commission, to provide comprehensive support in postsecondary institutions to students who are current or former foster youth. The bill did not make its fiscal committee deadline and will likely not move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Senate Appropriations Committee: Held Under Submission: 2-Year Bill.

Supporters: (April 26, 2007 version) All Saints Church Foster Care Project, California State Association of Counties, California Student Aid Commission, California Youth Connection, Chief Executive Officers of the California Community Colleges Board of the Community College League, City and County of San Francisco, Rio Hondo Community College District, Urban Counties Caucus.

Opposition: (April 26, 2007 version) There is no official opposition for this measure.

SB 890 (Scott) – As Amended August 20, 2007 - Commission Position – Support, Pending: This bill, as amended, establishes the Early College Commitment Program to be administered by the Superintendent of Public Instruction (SPI) until January 1, 2020. It provides that districts volunteering to participate in the program are required to partake in a variety of activities intended to increase high school completion rates and motivate students to take challenging coursework. Additionally, it requires participating districts to provide college information and preparation events for students. It provides that if a student fulfills the program requirements, as specified, and enrolls at a community college, he or she will be eligible for a California Community College Board of Governor’s fee waiver. The bill requires the SPI to evaluate the program and make a recommendation on whether it should continue. This bill is well-intended and consistent with Commission policies on financial aid outreach and access. While the implementation cost could limit its application, it could provide substantial outreach efforts to students who are unlikely to obtain a higher education. It is recommended that the Commission modify its position from “Support In Concept” to “Support.”

Status: Assembly Appropriations Committee: Suspense File: Hearing Date Postponed by Committee.

Supporters: (June 27, 2007 version) Advance!, Advancement Project, American Federation of State, County and Municipal Employees, ALL Student Loan, Alameda County Office of Education, Anaheim City School District, Applied Research Center, Asian Pacific American Legal Center of Southern California, Automobile Club of Southern California, AVID, Bay Area Council, Bay Area Immigrant Rights Coalition, Edmund G. “Pat” Brown Institute of Public Affairs, CalChamber, California Catholic Conference, California Coast Credit Union, California Community Colleges, California Farm Bureau Federation, Californians for Justice Education Fund, California Postsecondary Education Commission, Cali-

California School Boards Association, California State PTA, California State University, California Tomorrow, Campaign for College Opportunity (sponsor), CATAPULT, Center for Educational Partnerships, Central Valley Higher Education Consortium, Citrus College, CJ Ventures, College of the Sequoias, College OPTIONS, Community Action Partnership of Kern, Community Coalition of South Los Angeles, Compact for Success, San Diego State University, Contoural, Contra Costa College, Coronado Unified School District Governing Board, Families In Schools, Fullerton School District, Garvey School District, Gay and Lesbian Adolescent Social Services Inc. (GLASS), Girls Inc of Orange County, Golden West College, Great Valley Center, Hispanas Organized for Political Equality (HOPE), Hispanic Association of Colleges and Universities, Hispanic Leadership Council of Stanislaus County, Inner City Struggle, International Brotherhood of Teamsters, Kern County Hispanic Chamber of Commerce, Linking Education and Economic Development (LEED), MACSA, Merced City School District, Merced Community College District, MALDEF, Modesto Chamber of Commerce, Modesto Junior College, Oakland Community Organizations, Orange County Department of Education, Oxnard Union High School District, Pacific Gas and Electric Company, Parent Institute for Quality Education (PIQE), Pierce College, Public Advocates, Inc., Raytheon, Rio Linda Union School District, Ruiz Foods, Saddleback Valley Unified School District, Salinas Valley Chamber of Commerce, San Diego Community College District, San Diego State University Access Initiatives, San Bernardino County Office of Education, San Bernardino County Superintendent of Schools, Santa Ana Chamber of Commerce, Savanna School District, Silicon Valley Leadership Group, Southern California Edison, South Orange County Community College District, Southwestern College, Stanislaus County Board of Education, Stanislaus County Office of Education, United Way of Greater Los Angeles, University of California, UCLA Institute for Democracy Education & Access (IDEA), West Los Angeles College, Wilshire Industries Inc., Yosemite Community College District Trustee, Yuba Community College District, 15 individuals.

Opposition: (June 27, 2007 version) There is no official opposition for this measure.

Professional Development

SB 43 (Torlakson) – As Amended June 4, 2007 - Commission Position – Watch: This bill, as amended, requires the CTC to issue, upon the recommendation of the governing board of a school district, a Preliminary Recruitment of Experienced Professional (PREP) credential, to an individual who displays knowledge and expertise as specified, (i.e., possession of degrees, experience, basic skills, subject matter competence). The PREP credential is in the form of a preliminary single subject teaching credential with designated grade levels. The bill provides that after completing training, professional development and an induction program, the holder of a PREP credential is eligible for a professional clear teaching credential. The bill requires the CTC to accept applications through January 1, 2012, report on the program and make recommendations for improving it. SB 43 is intended to provide more tailored preparation for individuals entering the teaching profession as a retiree or as the result of a career change. This bill did not make its fiscal committee deadline and will likely not move forward in its current form. It is recommended that the Commission continue to watch this bill.

Status: Senate Appropriations Committee: No Hearing Date: 2-Year Bill.

Supporters/Opposition: There is no recent official support or opposition for this measure.

SB 232 (Ducheny) – As Amended August 31, 2007 - Commission Position – Support: This bill, as amended, extends the sunset date for the current Subject Matter Projects (SMPs), by five years, to June 30, 2012. The Commission has historically supported the six current SMPs, as they have been successful at identifying exemplary teaching practices, developing research on learning, and creating more effective educational materials for teachers to use in the classroom. It requires the Concurrence Commit-

tee to provide a final report to the Governor and Legislature. It is recommended that the Commission continue to support the bill.

Status: Assembly Floor: Committee on Rules.

Supporters: (June 4, 2007 version) Association of Independent California Colleges and Universities, California Alliance for Arts Education, California Association for Health, Physical Education, Recreation and Dance, California Association of Teachers of English, California Language Teachers Association, California Postsecondary Education Commission, California School Boards Association, California State PTA, California State University, California Teachers Association, University of California.

Opposition: (June 4, 2007 version) There is no official opposition for this measure.

Student Fees and Financial Aid

AB 152 (Beall) – As Amended June 1, 2007 - Commission Position – *Watch:* This bill, as amended, establishes the California Pre-Paid Tuition Program under the authority of the ScholarShare Investment Board and the California Prepaid Tuition Fund within the Scholarshare Trust. It authorizes the Board to manage and invest the funds. As amended, the bill requires the Board to maintain a separate account in the fund for the deposit of administrative fees to support the program. The bill is intended to enable eligible individuals to purchase tuition units at a set value and redeem them at a future date for an equal amount of tuition units at any California institution of higher education. Recent Commission policy supports “tuition guarantee” models that lock in four years of level tuition for entering freshman, but has reservations about the adequate funding of pre-paid tuition programs. It is recommended that the Commission continue to watch the bill.

Status: Senate Education Committee: Hearing Cancelled at Author’s Request.

Supporters: California Federation of Teachers, Faculty Association of California Community Colleges.

Opposition: Howard Jarvis Taxpayers Association.

AB 171 (Beall) – As Amended August 20, 2007 - Commission Position – *Support, Pending:* This bill, as amended, renames and restructures the Public Interest Attorney Repayment Program, which is to be funded by private contributions. It directs private donations to be invested in the Surplus Money Investment Fund to eliminate any potential State Treasury costs for managing a separate portfolio. This loan assumption program for licensed attorneys who meet certain eligibility criteria is to be administered by the California Student Aid Commission. The bill adds a county counsel as an eligible loan assumption award recipient. It authorizes the Commission to assume up to \$11,000 in loans, per applicant, for 4 consecutive years of full-time employment by an eligible public interest employer, and for a person employed less than full-time an amount adjusted proportionately. The bill limits the term of the agreement to a maximum of 10 years. It requires the Legislative Analyst Office to report on the effectiveness of the program in its annual report and establishes a sunset date of January 1, 2015. This bill is consistent with the Commission’s “affordability” report recommendations and is now limited to private funding. It is recommended that the Commission modify its position from “Support In Concept” to “Support.”

Status: Senate Appropriations Committee: Hearing Cancelled at Author’s Request.

Supporters: (April 11, 2007 version) American Federation of State, County and Municipal, Employees (AFSCME), California State Association of Counties (CSAC), Protection & Advocacy, Inc., Regional

Council of Rural Counties, Santa Clara County Board of Supervisors, Solano County Board of Supervisors, Ventura County Board of Supervisors.

Opposition: (April 11, 2007 version) There is no official opposition for this measure.

AB 175 (Price) – As Introduced - Commission Position – Watch: This bill increases funding for the Cal Grant B Entitlement Awards to \$1,551 in 2008-09 and by 5%–10% per year thereafter until they have increased by 20% of the measured access costs. This bill’s provisions are aligned with the Commission’s “access” goals. However, the bill did not make its fiscal committee deadline and will likely not move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Assembly Appropriations Committee: Hearing Date Postponed by Committee: 2-Year Bill.

Supporters: (Introduced version) American Federation of State, County and Municipal Employees, Community College League of California, Hispanic Association of Colleges and Universities, University of California Student Association (Sponsor).

Opposition: (Introduced version) There is no official opposition for this measure.

AB 286 (Cook) – As Introduced - Commission Position – Watch: This bill repeals the existing exemption from nonresident tuition for aliens who have filed an affidavit, but who do not have lawful immigration status. This bill did not make its policy committee deadline and will likely not move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Assembly Higher Education Committee: No Hearing Date Scheduled: 2-Year Bill.

Supporters/Opposition: There is no official support or opposition for this measure.

AB 302 (De La Torre) – As Amended March 15, 2007 - Commission Position – Watch: This bill, as amended, deletes the current limitations on access award amounts in the Cal Grant B program for students attending the California State University, the University of California, and non-public institutions during their first academic year. The bill clarifies that Cal Grant B award amounts are to include the access award amount and an additional amount for tuition and fees. While this bill promotes access, its potential cost (estimated to be \$78 million annually), is substantial. This bill did not make its fiscal committee deadline and will likely not move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Assembly Appropriations Committee: Hearing Postponed by Committee: 2-Year Bill.

Supporters: (March 15, 2007 version) American Federation of State, County and Municipal Employees, Associated Students, California State University, Los Angeles, Associated Students, California State University, San Marcos, Association of Independent California Colleges and Universities, Brian Calhoun, Councilmember, City of Fresno, Cal State Student Association (Co-Sponsor), California State University (Co-Sponsor), Hispanic Association of Colleges and Universities, University of California Student Association.

Opposition: (March 15, 2007 version) There is no official opposition for this measure.

AB 488 (Portantino) – As Amended April 11, 2007 - Commission Position – Watch: This bill, as amended, establishes a campus-based financial aid system for the California Community Colleges (CCC) – the CCC Access Grant Program. This program is to be funded with one-third of the system-

wide student fee revenues received by the community college districts. This bill establishes a financial aid system similar to those operated by the California State University and University of California, whereby a portion of fees paid by non-needy students is used to assist needy students. The Commission has historically supported the establishment of an institutionally-based financial aid system for the community colleges. However, given the substantial costs of the bill (likely in excess of \$100 million annually), and the fact that it did not make its fiscal committee deadline, it is recommended that the Commission continue to watch the bill.

Status: Assembly Appropriations Committee: Hearing Postponed by Committee: 2-Year Bill.

Supporters: (April 11, 2007 version) California Community College Student Financial Aid, Administrators Association, American Federation of State, County and Municipal Employees.

Opposition: (April 11, 2007 version) There is no official opposition for this measure.

AB 611 (Nakanishi) – As Amended July 20, 2007 - Commission Position – *Support Pending*: This bill, as amended, establishes the California Physician Assistant Scholarship and Loan Repayment Program within the Health Professions Education Foundation. It requires that the Foundation administer the program utilizing the same general guidelines applicable to the federal National Health Service Corps Scholarship Program and the National Health Service Corps Loan Repayment Program, with the exception of those who agree to serve in an area of the state where unmet priority needs exist for primary care family physicians. The bill does not specify a timeframe or amount to be given to participants in the proposed program, but the national guidelines provide criteria for establishing them. It creates a fund, to be supported by voluntary contributions of physician assistants upon the renewal of their licenses, for the implementation and administration of the program. The bill requires the foundation to report to the Legislature on the program. The bill is intended to assist physician assistants, who provide health care services in an underserved community, by providing them with scholarships and student loan repayment assistance. This approach is consistent with the Commission's "affordability" recommendations and the funding is through private sources. It is recommended that the Commission modify its position from "Support In Concept" to "Support."

Status: Senate Floor: Third Reading File: Awaiting a Floor Vote.

Supporters: (June 19, 2007 version) American Federation of State, County, and Municipal Employees, Association of California Healthcare Districts, California Academy of Physician Assistants, California Postsecondary Education Commission, California Primary Care Association, United Nurses Association of California/Union of Health Care Professionals.

Opposition: (June 19, 2007 version) There is no recent official opposition for this measure.

AB 668 (Portantino) – As Amended August 31, 2007 - Commission Position – *Support*: This bill, as amended, enacts the California Community College Student Federal and State Financial Aid Opportunity Act and expresses legislative intent to increase the numbers of community college students receiving federal Pell Grants. The bill requires the California Community Colleges Chancellor's Office to develop a statement, regarding the full range of financial aid opportunities that are available to students and the availability of application assistance at the financial aid offices. It requests the colleges to require their students to acknowledge the statements with a signature. Additionally, the bill requires the Chancellor's Office to develop a statement, regarding the benefits of the federal program, the application process and the availability of assistance for students, receiving Board of Governors' Enrollment Fee Waivers, who did not apply for financial aid. While the provisions have been greatly reduced, since the bill still encourages student access, it is recommended that the Commission continue to support the bill.

Status: Senate .Floor: Third Reading File: Awaiting a Floor Vote.

Supporters: (As of August 30, 2007) California Postsecondary Education Commission (CPEC), Campaign for College Opportunity (sponsor), Faculty Association of California Community Colleges, Mexican American Legal Defense and Educational Fund, Public Advocates, Inc., San Jose-Evergreen Community College District.

Opposition: (As of August 30, 2007) There is no recent official opposition for this measure.

AB 819 (Runner) – As Amended April 24, 2007 - Commission Position – Watch: This bill, as amended, authorizes State income tax deductions of \$3,000 – \$6,000 for contributions made by taxpayers to qualified college tuition savings programs, as defined in *Section 529* of the Internal Revenue Code (“ScholarShare” college savings programs). The Franchise Tax Board estimates that this measure would result in revenue losses of \$85 million in Fiscal Year 2007-08, \$100 million in Fiscal Year 2008-09, and \$125 million in Fiscal Year 2009-10. Additionally, it is estimated to result in K-14 funding losses of \$45.9 million in Fiscal Year 2008-09 and \$55 million in Fiscal Year 2009-10. The bill is intended to increase access to higher education for many families by providing a tax deduction for their contribution to a college 529 savings plan. However, this legislation will provide little help to middle-class families who are in genuine need of assistance due to the high costs of tuition. The bill will provide negligible or no assistance to those truly in need of tuition assistance, while spending scarce General Fund dollars that could be used to make state higher education more affordable. Recent Commission college affordability policy supports “tuition guarantee” models that lock in four years of level tuition for entering freshmen. This bill did not make its policy committee deadline and will likely not move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Assembly Revenue and Taxation Committee: Held Under Submission: 2-Year Bill.

Supporters: (April 24, 2007 version) Board of Equalization Member Bill Leonard, California Association of Private School Organizations, California Family Council, College Savings Foundation, Securities Industry and Financial Markets Association, State Farm.

Opposition: (April 24, 2007 version) American Federation of State, County and Municipal Employees, AFL-CIO, California Tax Reform Association, California School Employees Association, AFL-CIO, California Teachers Association.

AB 1038 (Feuer) – As Amended April 19, 2007 - Commission Position – Watch: This bill, as amended, calls for the Legislature to implement a student fee policy for the California Community Colleges, the California State University and the University of California. This policy sets fees at a fixed percentage of the final average State expenditure per full-time equivalent (FTE) student at each respective system, and limits annual increases in these fees to no more than 7%. The Commission, in its March 2006 report, recommended revisiting the “cost of education”-based fee policies, to recognize all of the charges students pay to attend college. The Commission has recommended a five-year freeze on student fees. This bill did not make its fiscal committee deadline and will likely not move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Assembly Appropriations Committee: Held Under Submission: 2-Year Bill.

Supporters: (April 10, 2007 version) There is no official support for this measure.

Opposition: (April 10, 2007 version) California State University, University of California.

AB 1267 (Feuer) – As Amended April 10, 2007 - Commission Position – Watch: This bill, as amended, establishes the Civic Service Loan Assumption Program under the administration of the California Student Aid Commission. The program provides that California residents enrolled at a campus of the University of California or the California State University are eligible to enter into an agreement for student loan assumption. It allows redemption after a qualifying period of civic or volunteer service, as defined. Staff recommends the bill be amended to include California's community colleges and accredited independent institutions. This bill did not make its fiscal committee deadline and will likely not move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Assembly Appropriations Committee: Held Under Submission: 2-Year Bill.

Supporters/Opposition: There is no official support or opposition for this measure.

AB 1522 (Brownlee) – As Amended April 10, 2007 - Commission Position – Watch: This bill, as amended, requires the California Student Aid Commission to develop and make available a software program, for use by potential applicants, to facilitate identifying and applying for institutional, State, and federal student aid programs. This bill did not make its policy committee deadline and will likely not move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Assembly Higher Education Committee: Hearing Cancelled at Author's Request: 2-Year Bill.

Supporters/Opposition: There is no official support or opposition for this measure.

AB 1652 (Lieber) – As Amended April 24, 2007 - Commission Position – Watch: This bill, as amended, presents legislative findings and intent regarding ethic standards in the student loan industry. It proposes the establishment of a minimum standard of ethics for student loan industry personnel, the correction of abuses, and the dispelling of unfounded portrayals of the loan industry. The bill seeks input from the State's student financial aid agencies and lending communities on current and proposed ethics standards for the industry. Additionally, the bill requires the Legislative Analyst's Office to collect, review, and make policy recommendations on improving the situation with the loan industry. This bill did not make its fiscal committee deadline and will likely not move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Assembly Appropriations Committee: Held Under Submission: 2-Year Bill.

Supporters/Opposition: There is no official support or opposition for this measure.

SB 65 (Cedillo) – As Amended June 25, 2007 - Commission Position – Support: This bill, as amended, enacts the California Dream Act. It enables students who are exempt from paying nonresident tuition to be eligible for existing statewide and campus-based student financial aid and community college fee waiver programs. It also expands the group of students who are exempt from paying nonresident tuition (those who have attended a California high school for three years or more and graduated or obtained an equivalent degree) to include those students who have attended an adult or technical school, as specified, if they attended at least one year at a high school. The bill helps provide students with access to higher education, which is consistent with the Commission's priorities. It is identical to SB 160 (Cedillo), as the author replicated the Dream Act language in this bill when SB 160 became a 2-Year Bill. It is recommended that the Commission continue to support the bill.

Status: Assembly Rules Committee: Awaiting Assignment to a Committee.

Supporters/Opposition: There is no official support or opposition for this measure.

SB 89 (Committee on Budget and Fiscal Review) – As Amended July 20, 2007 - Commission Position – Watch: This bill, as amended, authorizes the sale, or an alternative financial arrangement, of the state's student loan guarantee program, EdFund. Current law establishes the California Student Aid Commission (CSAC) as the primary state agency for the administration of state-authorized student financial aid programs available to higher education students. Existing law authorizes CSAC to carry out prescribed tasks and establish an auxiliary organization for the purpose of providing operational and administrative services for CSAC's participation in the Federal Family Education Loan Program. Specifically, this bill authorizes the Director of Finance, on behalf of the State, to sell the student loan guarantee portfolio and certain related assets and liabilities of the student loan guarantee program to an entity, approved by the United States Secretary of Education, pursuant to a prescribed procedure. The bill requires the director to deposit the net proceeds of any sale of the State's student loan guarantee program into the General Fund. The bill appropriates \$300,000 from the General Fund to the Director of Finance for the purposes of obtaining professional advice and counsel regarding the sale. This bill creates an emergency statute that would take effect immediately. It is recommended that the Commission maintain its watch position on this bill.

Status: Signed by the Governor: Chapter 182; Statutes of 2007

Supporters/Opposition: There is no official support or opposition for this measure.

SB 91 (Committee on Budget and Fiscal Review) – As Amended July 20, 2007 - Commission Position – Watch: This bill, as amended, repeals the provisions of existing law relating to the establishment and operation of the auxiliary organization, (EdFund), of the California Student Aid Commission (CSAC), in order to effectuate the sale of the student loan guarantee program. Current law establishes CSAC as the primary state agency for the administration of state-authorized student financial aid programs available to higher education students. Existing law authorizes CSAC to carry out prescribed tasks and establish an auxiliary organization for the purpose of providing operational and administrative services for CSAC's participation in the Federal Family Education Loan Program. This bill repeals the provisions for the auxiliary organization, EdFund, upon its sale. It is recommended that the Commission continue its watch position on this bill.

Status: Signed by the Governor: Chapter 184; Statutes of 2007

Supporters/Opposition: There is no official support or opposition for this measure.

SB 160 (Cedillo) – As Amended May 24, 2007 - Commission Position – Watch: This bill enables students who are exempt from paying nonresident tuition to be eligible for existing statewide and campus-based student financial aid and community college fee waiver programs. It also expands the group of students who are exempt from paying nonresident tuition (those who have attended a California high school for three years or more and graduated or obtained an equivalent degree) to include those students who have attended an adult school, as specified, if they attended at least one year at a high school. The bill helps provide students with access to higher education, which is consistent with the Commission's priorities. However, it did not make its fiscal committee deadline and will not likely move forward in its current form. The contents of SB 160 have been recreated in SB 65 (Cedillo), as noted previously. It is recommended that the Commission continue its watch position on the bill.

Status: Senate Appropriations Committee: Held Under Submission: 2-Year Bill.

Supporters: (Introduced version) American Federation of State, County, and Municipal Employees (AFSME), Asian Pacific American Legal Center of Southern California, Association of Independent California Colleges and Universities (AICCU), California Catholic Conference, California Chicano-

Latino Intersegmental Convocation (CLIC), California Federation of Teachers (CFT), California Immigrant Policy Center, California State Student Association, Coalition for Humane Immigrant Rights of Los Angeles (CHIRLA), Community College League of California, Hispanic Association of Colleges and Universities, Lambda Letters Project, Latino Coalition for Healthy California (LCHC), Los Angeles Unified School District, Mexican American Conclio of Yolo County, Mexican American Legal Defense and Educational Fund (MALDEF), National Council of La Raza (NCLR), Orange County DREAM Team, Regional Parent Advisory Committee of Migrant Education, Region 24 (Lindsay, CA), San Francisco Chamber of Commerce, The National Hispanic University (NHU), Tomales High School (Marin County), University of California, YWCA Pasadena-Foothill Valley, Arnulfo Cedillo, Chabot-Las Positas Community College District Trustee, Blanca Brown, Lemon Grove School District Trustee, Carmen Avalos, Cerritos College District Trustee, Diana Jimenez, North Monterey County Unified School District Trustee, Dr. Elsa O Valdez, San Bernardino City Unified School District Trustee, Jose Luis Solache, Lynwood School Board Trustee, Kathryn Ramirez, Salinas Union High School District Trustee, Laura Casas Frier, Foothill-DeAnza Community College District Trustee, Reynold R. Esquivel, Stone Corral Elementary School District Trustee, Maria Orozco, City of Gonzales Council Member.

Opposition: (Introduced version) Howard Jarvis Taxpayers Association.

SB 595 (Alquist) – As Introduced - Commission Position – Watch: This bill extends the annual deadline for applying for Cal Grant “A” and “B” program Entitlement and Transfer Entitlement awards from March 2 to June 30. The California Student Aid Commission (CSAC) and the segments view these types of changes as unworkable, because it would leave them with insufficient time to put together complete financial aid packages for students. This bill did not make its policy committee deadline and will not likely move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Senate Education Committee: Held in Committee Without Recommendation: 2-Year Bill.

Supporters/Opposition: There is no official support or opposition for this measure.

SB 769 (Alquist) – As Amended April 26, 2007 - Commission Position – Watch: This bill, as amended, calls on the California Student Aid Commission (CSAC) to convene a working group to develop strategies to improve access to postsecondary education for low income and underrepresented persons through the Cal Grant financial aid program. It provides that the group is to include representatives of the segments, the California Postsecondary Education Commission, the Legislative Analyst’s Office, legislative and/or committee staff, and college student groups. The bill requires CSAC to submit a report, including the findings and recommendations of the working group, to specified legislative committees on or before September 30, 2008. This bill did not make its fiscal committee deadline and will not likely move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Senate Appropriations Committee: Held under submission: 2-Year Bill.

Supporters/Opposition: There is no official support or opposition for this measure.

Private Postsecondary State Oversight

AB 962 (Houston) – As Amended July 25, 2007 - Commission Position – Oppose, Unless Amended, Pending: This bill, as amended, provides for the registration and regulation of speech-language pathology assistants by the Speech-Language Pathology and Audiology Board. Existing law requires a person seeking approval as a speech-language pathology assistant to make an application to the board for ap-

proval. This bill expresses findings and declarations of the Legislature regarding the services provided by speech-language pathology professionals and paraprofessionals. The bill requires the California Postsecondary Education Commission to assess and discuss issues, information, and barriers relating to, and progress made in the accomplishment of, the creation of additional speech-language pathology assistant training programs in a report to the Legislature. It requires the Commission to confer with stakeholders regarding the report and submit it to the Legislature, on or before June 1, 2008. The bill specifies that the Commission produce this report using existing resources. It is recommended that the Commission continue to oppose the bill, unless amended, to provide the Commission with \$125,000 for the report.

Status: Senate Floor: Third Reading File: Awaiting a Floor Vote.

Supporters: California School Employees Association, California Speech-Language-Hearing Association, Imperial County Special Education Local Plan Area, L&J Telesmanic Rehabilitation Systems, Inc., Lodi Unified School District, Los Angeles County Office of Education, Palos Verdes Peninsula Unified School District, Speech-Language Pathology and Audiology Board.

Opposition: There is no official opposition on this measure.

AB 1525 (Cook) – As Amended June 27, 2007 - Commission Position – Watch: This bill, as amended, replaced the expired Private Postsecondary Education Reform Act of 1989 with temporary provisions to govern this area effective July 12, 2007, when it was signed into law. The bill's provisions temporarily extend student protections at California's private postsecondary vocational education institutions. It allows the California Department of Consumer Affairs to enter into voluntary agreements with for-profit teaching institutions, to abide by state rules, so that the schools can remain in good standing through January 31, 2008. In the meantime, the Legislature and Administration are continuing to work to construct a more permanent entity and streamlined process for both students and institutions through SB 823 (Perata). The bill is intended to take effect in the future, and proposes implementation of a new Act. The Commission has a long history in support of a healthy private proprietary sector and effective student protections. It is recommended that the Commission continue its watch position on the bill.

Status: Signed by the Governor: Chapter 67: Statutes of 2007.

Supporters: (July 3, 2007 version) California Coast University, Department of Consumer Affairs, Webster University, State and Consumer Services Agency, Accredited Out of State Colleges and Universities in California, Consumers Union, The Institute for Advanced Study of Human Sexuality, Western Institute for Social Research

Opposition: (July 3, 2007 version) Corinthian College.

SB 45 (Perata) – As Amended August 29, 2007 – Commission Position – Watch Pending: This bill was recently amended to mainly extend the provisions of AB 1525 (Cook), (Chapter 67, Statutes of 2007), from February 1, 2008, until January 1, 2009, to continue limited state oversight over private postsecondary schools and create a bureau within the Department of Consumer Affairs. The bureau is intended to possess broad duties and responsibilities, until a new Act with more definitive ones is created through future legislation. The provisions of AB 1525 were originally created to provide minimum oversight of the private postsecondary institutions, for a year, while the California Private Postsecondary Education Act of 2007 was drafted. However, due to a lack of agreement, between consumer advocates and private postsecondary institution representatives, on issues beyond those found in AB 1525; its pro-

visions need to be extended. A set of amendments to SB 45 are pending approval on the Assembly Floor. It is recommended that the Commission watch the bill.

Status: Assembly Floor: Third Reading File: Awaiting a Floor Vote.

Supporters/Opposition: There are no official supporters or opposition on this version of the measure.

SB 823 (Perata) – As Amended August 20, 2007 - Commission Position – Watch: This bill, as amended, proposes to permanently replace the expiring Private Postsecondary Education Reform Act of 1989, with the California Private Postsecondary Education Act of 2007. (In the interim, the Act is being temporarily replaced by the provisions of AB 1525 (Cook)). A workgroup of stakeholders has been meeting to devise provisions for SB 823. The Commission has a long history in support of a healthy private proprietary sector and effective student protections. It is recommended that the Commission continue to watch the bill.

Status: Assembly Appropriations Committee: Hearing Postponed by Committee.

Supporters: (July 2, 2007 version) Consumer Attorneys of California, Consumer Federation of California, Individual letters from 13 students, San Mateo Community College District.

Opposition: (July 2, 2007 version) Accredited Out of State Colleges and Universities of California, Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges, Alta Colleges, American InterContinental University, Los Angeles, Association of Independent California Colleges and Universities, Brooks College, Long Beach and Sunnyvale, Brooks Institute of Photography, Santa Barbara and Ventura, California Association of Private Postsecondary Schools, California Chamber of Commerce, California Culinary Academy, San Francisco, California School of Culinary Arts, Pasadena, Civil Justice Association of California, Community College League, Copper Mountain College, Corinthian Colleges, Department of Consumer Affairs, Fashion Institute of Design and Merchandizing, Heald College, Institute for Advanced Study of Human Sexuality, International Academy of Design and Technology, Sacramento, Joanne Baron/D.W. Brown Studio, Kitchen Academy, Hollywood and Sacramento, Los Angeles Community College District, Los Rios Community College District, Loyola Marymount University, Merced Community College District, MTI College, Pierce College, Saint Mary's College of California, San Diego Community College District, Santa Clarita Community College District, State Center Community College District, University of Southern California, Western Association of Schools and Colleges, Western Career College, Western Institute for Social Research, Western University of Health Sciences, Westmont College, Westwood Colleges.

Consent Calendar: Bills with a “Watch” Recommendation

ACA 5 (Levine) – As Introduced - Commission Position – Watch: This measure proposes a change to a constitutional provision regarding the University of California; however, its specific intent is unknown. This bill did not make its committee deadlines and will not likely move forward in its current form. It is recommended that the Commission continue to watch the measure.

Status: No committee assignment: 2-Year Measure.

ACR 21 (Portantino) – As Amended June 21, 2007 - Commission Position – Watch: This concurrent resolution, as amended, encourages the University of California to establish an exchange program with historically Black colleges and universities. Program costs are estimated to be \$100,000 for start-up, \$180,000 for administration and about \$652,000 for annual exchange costs. It is recommended that the Commission continue to watch the resolution.

Status: Senate Appropriations Committee: Held Under Submission: 2-Year Bill

AB 145 (Coto) – As Amended April 26, 2007 - Commission Position – Watch: This bill, as amended, requires the California State University (CSU) Trustees to authorize San Jose State University and the National Hispanic University to enter into a collaboration agreement to include outreach, transfer, joint classes for credit and other programs of education, research and public service. It expresses legislative findings about the importance of outreach to disadvantaged and deserving students and how the collaboration can address them. The bill authorizes a 5-year pilot program between the universities, focusing on grades 7-12 and undergraduate college students, to encourage college participation, increase specified degree attainment, and provide best practices in the area. It requires CSU to conduct an evaluation and report to the Legislature. While the bill is well-intended and shares many Commission goals and objectives, it will be costly at \$10 million (General Fund) annually; and it could alternatively be combined with an existing program. It is also not advisable for the Commission to support any district/local bills, based on their use of State funds for a specific and limited purpose. It is recommended that the Commission continue to watch the bill.

Status: Assembly Appropriations Committee: Held Under Submission: 2-Year Bill.

AB 153 (Blakeslee) – As Introduced - Commission Position – Watch: This bill requests that the University of California (UC) enter into a public/private contract for an Energy Biosciences Institute and expresses legislative intent for its funding. Since UC Berkeley has already been selected to host an Energy Biosciences Institute and funding for a new facility has been included in the 2007-08 State Budget, the need for the bill is uncertain. This bill did not make its fiscal committee deadline and will likely not move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Assembly Appropriations Committee: No Hearing Date: 2-Year Bill.

AB 178 (Coto) – As Amended June 1, 2007 - Commission Position – Watch: This bill, as amended, establishes the College Readiness and Equity Program to provide grants, of \$150,000 per school, to high schools that enroll and support pupils in a college preparation curriculum, beginning in 2008-09. It specifies that funds can be used for tutoring, coaching, curriculum evaluation, internships, career placement assistance and other related services. This bill is currently on the Senate Education Suspense File and will likely not move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Senate Education Committee: Held Without Recommendation: 2-Year Bill.

AB 284 (Smyth) – As Amended May 2, 2007 - Commission Position – Watch: This bill, as amended, requires that career technical education (CTE) courses or programs offered by high schools be reviewed every two years by the appropriate governing body to ensure that the program meets specified requirements. The bill also requires that career technical course instructors be given professional development opportunities that conform to business and industry standards. It is estimated to cost \$6 million to provide the professional development and an additional \$450,000 to review the CTE programs. This bill did not make its fiscal committee deadline and will likely not move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Assembly Appropriations Committee: Held Under Submission: 2-Year Bill.

AB 359 (Karnette) – As Amended June 1, 2007 - Commission Position – Watch: This bill, as amended, adds persons who agree to obtain a special education service credential in speech-language pathology, to the Assumption Program of Loans for Education (APLE). Under current law, participation is limited to credentialed teachers. This is an area of identified need, but it is not a Commission priority. It is recommended that the Commission continue to watch the bill.

Status: Senate Education Committee: Hearing Cancelled at Author's Request.

AB 519 (Mendoza) – As Amended April 24, 2007 - Commission Position – Watch: This bill, as amended, requires the Superintendent of Public Instruction to submit a plan to include data on high school dropouts in the annual Academic Performance Index (API) measurement to the Legislature and to develop a definition of the term “dropout” for that purpose. The authorizing legislation for the API required that dropout rates be included, however, without unique student identifiers, it has not been feasible. Once technology is available, it will be possible. It is recommended that the Commission continue to watch the bill.

Status: Senate Appropriations Committee: Suspense File: Held Under Submission.

AB 577 (Ruskin) – As Amended July 18, 2007 - Commission Position – Watch: This bill, as amended, authorizes the California Community Colleges (CCC) Board of Governors to establish a competitive grant pilot program to provide faculty and staff from community college districts with information and methods to establish open education resources centers statewide. The bill defines what an “open education resource center” is and requires the CCCs to provide an evaluation to the Legislature two years after the program is implemented. As it is intended to reduce college textbook costs for students through the use of alternative learning materials or resources, the bill is consistent with Commission affordability recommendations. However, the program's implementation is contingent upon budget funding. It is recommended that the Commission continue to watch the bill.

Status: Senate Appropriations Committee: Held Under Submission.

AB 883 (Dymally) – As Amended April 25, 2007 - Commission Position – Watch: This bill, as amended, establishes within the Assumption Program of Loans for Education (APLE) program, the assumption of loans up to \$3,000 per year for four years, for teachers and interns who are qualified for APLE and who agree to teach full time in the Compton Unified School District. It requires the Legislative Analyst's Office to submit a report regarding the effectiveness of the program in its analysis of the 2012-13 State Budget Bill. It is estimated that first-year costs would be about \$180,000 for loan assumption payments and for administration of the program by the California Student Aid Commission. It is not advisable for the Commission to support any district/local bills, based on their use of State funds for a specific and limited purpose. This bill did not make its fiscal committee deadline and will likely not move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Assembly Appropriations Committee: Held Under Submission: 2-Year Bill.

AB 1329 (Houston) – As Amended April 25, 2007 - Commission Position – Watch: The bill, as amended, requires the Chancellor of the California State University, in consultation with Chancellor of the California Community Colleges, K-12 and others, to assess the barriers to the creation of additional occupational therapist training programs. The bill is likely to incur about \$160,000 in one-time costs. This bill did not make its fiscal committee deadline and will likely not move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Assembly Appropriations Committee: Held Under Submission: 2-Year Bill.

AB 1415 (Brownley) – As Amended July 5, 2007 - Commission Position – Watch: This bill, as amended, requires the California Commission on Teacher Credentialing (CTC) to adopt and implement a data evaluation report capable of assessing the effectiveness of accredited programs of professional preparation, which provides preparation for the administrative services credential. It requires that multiple measures be used, with input from stakeholders, to gauge the programs' effectiveness. The “accountability” focus is a Commission goal, and the bill could have a positive impact upon the operation

of affected programs. The Commission's experience developing and undertaking an accountability framework may provide helpful insights. It is recommended that the Commission continue to watch the bill.

Status: Senate Appropriations Committee: Held Under Submission.

AB 1586 (DeSaulnier) – As Introduced - Commission Position – Watch: This bill requires the California State University Trustees, and urges the University of California Regents, to adopt prescribed minimum admission requirements for specified subjects at their respective institutions for first-year undergraduate students. The subject areas are to include history-social science, English, mathematics, laboratory science, language other than English, visual and performing arts, applied arts, and college-preparatory electives. This bill did not make its policy committee deadline and will likely not move forward in its current form. It is recommended that the Commission continue to watch the bill.

Status: Assembly Higher Education Committee: No Hearing Date: 2-Year Bill.

SCA 3 (Ridley-Thomas) – As Introduced - Commission Position – Watch: This constitutional amendment requires the Legislature to create an independent public postsecondary education system of community colleges as part of the Public School System. This proposal did not make its policy committee deadline and will not likely move forward in its current form. It is recommended that the Commission continue to watch this bill.

Status: Senate Education Committee: No Hearing Date: 2-Year Measure.

SB 44 (Torlakson) – As Amended August 31, 2007 - Commission Position – Watch: This bill, as amended, creates the California Teacher Cadet Program to be operated by the Superintendent of Public Instruction and the Chancellor of the California State University (CSU). It requires the CSU to convene an advisory group to develop hands-on curriculum, and criteria and standards for a Request-For-Proposal, to be used in the competitive grant process. The bill intends to address the state's teacher shortage — a Commission goal. However, the cost to implement the program is estimated to be approximately \$3.6 million, including start-up, grant funds and an evaluation. The bill makes implementation of the programs conditional on the availability of funding in the budget, and such funding has not been included in the 2007-2008 State Budget. It is recommended that the Commission continue to watch this bill.

Status: Assembly Floor: Second Reading File.

SB 139 (Scott) – As Amended August 20, 2007 - Commission Position – Watch: This technical bill, as amended, clarifies requirements for individuals entering a nursing program, criteria necessary for eligibility in the State Nursing Assumption Program of Loans for Education (SNAPLE), the issuers of grant awards, admission policies for impacted programs, and the source of funding for enrollment expansions. The bill also requires the collection and reporting of specified health profession data. It is estimated to cost \$2.2 million for the start-up of the health workforce database and \$1.5 million for ongoing costs to operate the database. The measure is a clean-up and follow-up bill to SB 1309 (Scott) regarding nursing education and related programs. It is recommended that the Commission continue to watch this bill.

Status: Assembly Appropriations Committee: Do Pass: Senate Rules Committee.

SB 218 (Steinberg) – As Introduced - Commission Position – Watch: This bill provides legislative intent that the California Community Colleges (CCC) be encouraged and enabled to create greater opportunities for high school students to earn high school credits at CCCs. It intends to increase high school students' opportunities to do vocational/academic work in CCCs. This proposal did not make its

policy committee deadline, as it is still in the Senate Rules Committee, so it will not likely move forward in its current form. It is recommended that the Commission continue to watch this bill.

Status: Rules Committee: Awaiting Committee Assignment: 2-Year Bill.

SB 268 (McClintock) – As Amended April 9, 2007 - Commission Position – Watch: This bill, as amended, deletes the provision for a person, who meets specified criteria and is without lawful immigration status, from eligibility for paying non-resident tuition at the California Community Colleges (CCC) and the California State University (CSU). This proposal did not make its policy committee deadline and will not likely move forward in its current form. It is recommended that the Commission continue to watch this bill.

Status: Senate Education Committee: Failed Passage: Returned to Secretary of Senate: 2-Year Bill.

SB 314 (Wyland) – As Amended July 17, 2007 - Commission Position – Watch: This bill, as amended, modifies career technical education (CTE) advisory committees by requiring the inclusion of industry representatives from at least five of the CTE industry sectors, their appointment by local industry organizations, and their approval by local governing boards. It requires that at least one representative be from an industry sector selected by the school district. It also requires school district governing boards to select at least five CTE industry sectors, based on the districts' needs, to be represented in the committee. Finally, the bill provides for a definition of "career technical education program." The CTE Framework defines "career technical education" as organized educational activities that provide coherent rigorous content aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare for further education and careers in current or emerging professions. As such, it is a tool to provide students with the education necessary to enter the workforce, which aligns with the Commission's goals. However, it is unclear how the changes to the advisory committees will improve CTE. It is recommended that the Commission continue to watch this bill.

Status: Assembly Appropriations Committee: Suspense File.

SB 337 (Ackerman) – As Introduced - Commission Position – Watch: This bill makes technical changes to the conflict-of-interest provisions that pertain to the members of the auxiliary board of the California Student Aid Commission (CSAC). This proposal did not make its policy committee deadline, as it is still in the Senate Rules Committee, so it will not likely move forward in its current form. It is recommended that the Commission continue to watch this bill.

Status: Rules Committee: Awaiting Committee Assignment: 2-Year Bill.

SB 347 (Cogdill) – As Amended April 9, 2007 - Commission Position – Watch: This bill, as amended, establishes the Community College Enrollment Fee Reimbursement Program, which would require the California State University (CSU) and request the University of California (UC) to reimburse their respective transfer students who complete between 60–72 units in community college before transferring and graduating from a CSU or UC, within seven years of initially enrolling in a California Community College (CCC). It requires that a participant must be UC or CSU eligible before enrolling in a CCC. It states that CCC students who receive a Board of Governors' waiver are rendered ineligible for the program. The bill expresses legislative intent that funds be appropriated in the State Budget for this purpose. This is an incentive program to improve "time-to-degree" that, in theory, encourages students to take as few excess units as possible in the CCCs, to complete their degree programs in a timely and inexpensive manner. Unfortunately, the provision for fee reimbursement to CCC transfer students, who might have attended a CCC regardless, may result in State costs rather than savings. It is recommended that the Commission continue to watch this bill.

Status: Senate Education Committee: Hearing Cancelled at Author's Request: 2-Year Bill.

SB 481 (Runner) – As Introduced - Commission Position – Watch: This bill creates a “Public Safety Incentive Program,” to be administered by the California Student Aid Commission (CSAC), for loan assistance up to \$40,000, for lawyers practicing as prosecutors and public defenders. This bill requires a separate infrastructure for the program, with a separate account in the State Treasury. It is not clear that there is a need for this new program, given that the existing CSAC’s Public Interest Attorney Loan Repayment program specifically includes prosecutors and public defenders and provides funding up to \$11,000, but has yet to be funded. This proposal did not make its policy committee deadline, so it will not likely move forward in its current form. It is recommended that the Commission continue to watch this bill.

Status: Senate Education Committee: Hearing Cancelled at Author’s Request: 2-Year Bill.

SB 588 (Runner) – As Amended August 20, 2007 - Commission Position – Watch: This bill, as amended, provides that when California Community Colleges choose to construct or renovate campus buildings pursuant to the California Building Standards Code (CBSC) in lieu of the Field Act, the Board of Governors (BOG) rather than the Division of State Architect (DSA), in the Department of General Services, is authorized to oversee their design and construction. It specifies that oversight is to occur through a board-appointed System Building Official (SBO) and approved inspectors, pursuant to rules and regulations created by the BOG. The bill is estimated to cost \$600,000 annually for the SBO and four additional support positions. It is not anticipated that there will be any net fiscal cost for project administrative costs. Fees currently paid to DSA for these purposes will instead be paid by districts, from district and state general obligation bonds, to the Chancellor’s Office. The approval process proposed in the bill is considered to create an almost equivalent level of seismic safety as does the DSA process. This bill is intended to speed up the project approval process in order to expedite the construction and modification of buildings and avoid increased project costs. It is recommended that the Commission continue to watch this bill.

Status: Assembly Appropriations Committee: Hearing Date Postponed by Committee.

SB 673 (Scott) – As Amended July 11, 2007 - Commission Position – Watch: This bill, as amended, provides that a credentialed teacher who teaches in a low-performing public school (ranked in decile 1 or 2, according to the Academic Performance Index), is eligible to participate in the Assumption Program of Loans for Education (APLE). The APLE program provides that any person who is enrolled in postsecondary education or agrees to participate in a teacher trainee or internship program, is eligible to enter into a loan assumption agreement, to be redeemed upon being employed as a teacher, as specified. The bill requires the California Student Aid Commission (CSAC) to develop and adopt regulations for the implementation of the provision by July 1, 2008. CSAC believes that it has enough APLEs to cover new and current teachers (proposed to be made eligible by this bill). However, there are several other bills this year that also propose to expand the eligibility to APLE for additional individuals that, if also implemented, could cause the displacement of teachers who are currently eligible for the benefit. Initially, this bill proposed to change the due date for a list of critical shortage teachers and underserved areas that could benefit from APLE. It is recommended that the Commission continue to watch this bill.

Status: Assembly Appropriations Committee: Held Under Submission.

SB 752 (Steinberg) – As Amended April 18, 2007 - Commission Position – Watch: This bill, as amended, would enact the California Kids Investment and Development Savings (KIDS) Account Act that would create an investment account for every child born in California each year beginning on or after January 1, 2008, and would provide for a one-time deposit, by the State, to each account in the amount of \$500 at each child’s birth. The appropriation is contingent on funding in the Budget Act of 2007. This proposal did not make its policy committee deadline, so it will not likely move forward in its current form. It is recommended that the Commission continue to watch this bill.

Status: Senate Revenue and Taxation Committee: Hearing cancelled at Author's Request: 2-Year Bill.

SB 840 (Kuehl) – As Amended July 10, 2007 - Commission Position – *Watch, Pending:* This bill establishes the California Healthcare System (CHS), a single payer health care system, administered by the California Healthcare Agency, to provide health insurance coverage to all California residents. It states that CHS would become operative when the Secretary of H&HS determines that the Healthcare Fund has sufficient revenues to implement the provisions of the bill. It prohibits any health care service plan or health insurance policy, except for CHS, from being sold in CA for services provided by CHS. It has a multitude of other provisions – intended to create a more cohesive health insurance and delivery system with less administration and more efficiencies. It also purports to stabilize health care spending to help keep benefits affordable. There are concerns that a single-payer system will not guarantee access to those who need it most, as access is often limited by budget constraints, and that it may result in a multi-billion-dollar-tax increase on Californians due to transitioning and on-going costs. The Commission's report on affordability made recommendations regarding affordable health care for students. However, the measure may potentially cause an extraordinary redirection of public and private funds. It is recommended that the Commission watch this measure.

Status: Assembly Appropriations Committee: Hearing Date Pending.

SB 946 (Scott) – As Amended June 28, 2007 - Commission Position – *Watch:* This bill, as amended, creates the Community College Early Assessment Pilot Program, designed to give high school students an indication of their college readiness in their junior year, so that they can use their senior year to improve their academic performance. The bill also requires an independent evaluation of this initiative. This program's objectives are consistent with the Commission's goal of access. The California Community College Chancellor's Office estimates that operation costs for this program will be \$2.35 million dollars annually plus \$150,000 for an evaluation. A similar bill was vetoed last year, based on the assertion that the program was duplicative of the California State University program. It is recommended that the Commission continue to watch this bill.

Status: Assembly Appropriations Committee: Do Pass: Referred to Committee on Rules.

MATRIX 2007-2008 LEGISLATIVE - PRIORITY BILLS
updated as of 9/5/2007

Committee Membership

This part of the Legislative Update lists the members of the legislative policy and fiscal committees for higher education.

Senate Appropriations Committee

Tom Torlakson, Chair
Dave Cox, Vice Chair
Sam Aanestad
Roy Ashburn
Jim Battin
Gilbert Cedillo
Ellen M. Corbett
Bob Dutton
Dean Florez
Sheila James Kuehl
Jenny Oropeza
Mark Ridley-Thomas
George C. Runner
Joe Simitian
Darrell Steinberg
Mark Wyland
Leland Yee

Senate Budget and Fiscal Review Committee

Denise Ducheny, Chair
Dennis Hollingsworth, Vice Chair
Elaine Alquist
Dave Cogdill
Bob Dutton
Christine Kehoe
Alan S. Lowenthal
Mike Machado
Bob Margett
Alex Padilla
Jack Scott
Joe Simitian
Darrell Steinberg
Mark Wyland

Senate Budget and Fiscal Review Subcommittee No. 1 on Education

Jack Scott, Chair
Bob Margett
Joe Simitian

Senate Business, Professions and Economic Development

Mark Ridley-Thomas, Chair
Sam Aanestad, Vice Chair

Senate Education Committee

Jack Scott, Chair
Mark Wyland, Vice-Chair
Elaine Alquist
Jeff Denham
Abel Maldonado
Alex Padilla
Gloria Romero
Joe Simitian
Tom Torlakson

Senate Education Subcommittee on Higher Education

Vacancies

Senate Select Committee on Colleges & Universities Admissions & Outreach

Alex Padilla, Chair

Assembly Appropriations Committee

Mark Leno, Chair
Mimi Walters, Vice Chair
Anna M. Caballero
Mike Davis
Mark DeSaulnier
Bill Emerson
Jared Huffman
Betty Karnette
Paul Krekorian
Doug La Malfa
Ted W. Lieu
Fiona Ma
Alan Nakanishi
Pedro Nava
Sharon Runner
Jose Solorio

Assembly Budget Committee

John Laird, Chair
Roger Niello, Vice Chair
Juan Arambula
Jim Beall
John Benoit
Patty Berg
Sam Blakeslee
Julia Brownley
Paul Cook
Hector De La Torre
Chuck DeVore
Michael Duvall
Mervyn Dymally
Noreen Evans
Mike Feuer
Jean Fuller
